

South Oaks Hospital

Educational Groups

Bridging the Gap
Wednesday Evenings

Come down to be educated and share on different topics for significant others in recovery. This group consists of individuals that have suffered from the disease of addiction and are in active recovery, as well as families struggling with a loved one's addiction. We come together to "Bridge the Gap" between the two worlds.

We are a community group of professionals and advocates who are united to the commitment of exploring and education around the disease of addiction. We share experience, strength, and hope from both the family and out loved ones fighting toward recovery.

"Understanding is the first step to acceptance, and only with acceptance can there be recovery"
